Dear Sir/Madam,

**Re: Recommendation – Corporate Staffing Services**

We would like to recommend the services of Corporate Staffing in high reference to the Sales Skills training program they offer. We engaged them on a one-day training program dubbed 'Effective Sales Skills Training Program' on 6<sup>th</sup> December 2018.

The training was attended by members of our Commercial Team and I must say the trainer demonstrated commendable ability to deliver the concepts in a way that was both thought stimulating and engaging to the audience.

We highly recommend their services and look forward to engaging with them further as we strive to meet our organizational goals.

Yours sincerely,
